Thor Water Content:

Radiator Height (mm)	1734
Water Content Per Column (L)	6.3

Additional information for Thor:

Connection size for valves: ½" BSP

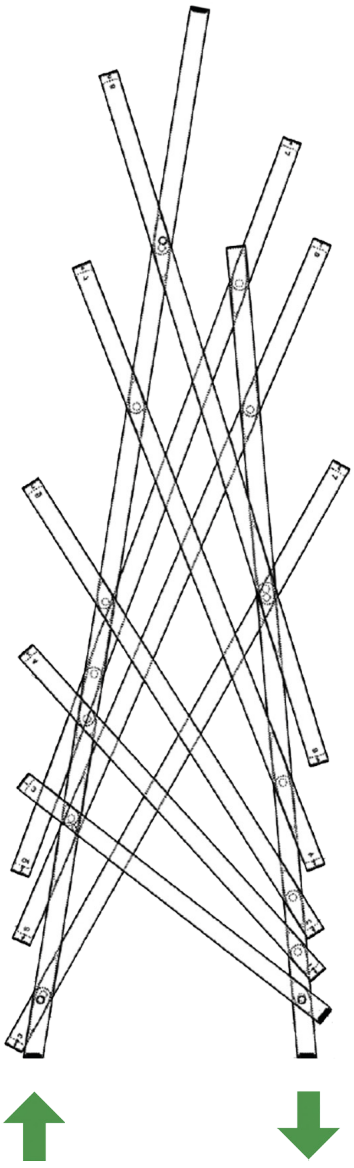

All Thor Radiators:

Test Pressure: 12 bar

Max Operating Pressure: 10 Bar

Valve Installation Advice for Thor:

Front View

Please ensure your radiator valves are fitted as per the diagrams here.

Our Thor radiators can also be hung upside down for increased versatility and to be plumbed from above.

Please contact a specialist or get in touch for more information before doing this.

IMPORTANT: We recommend all Vaporo radiators are fitted using V43 Seal. Overuse of PTFE tape may cause damage.
